PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience building modern, responsive, and scalable web applications. Proficient across the entire development stack — from crafting pixel-perfect React/TypeScript frontends to designing robust backend APIs. Passionate about clean architecture, performance optimization, and delivering high-quality user experiences.

TECHNICAL SKILLS

Frontend	React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design
Backend	Node.js, Express.js, REST API Design & Integration, Authentication (JWT, OAuth)
Database	MongoDB, PostgreSQL (basic)
State Mgmt	React Hooks (useState, useEffect, useRef, useContext), Context API, Redux (basic)
Dev Tools	Git & GitHub, VS Code, NPM / Yarn, Postman, Chrome DevTools
Other	React Router, Component Architecture, Performance Optimization, Real-time Features (WebSocket/Socket.io)

PROJECTS

E-Commerce Platform

TypeScript · React · Node.js

- Built a full-featured e-commerce app with dynamic product listings, cart management, and order forms using reusable React components and TypeScript.
- Implemented REST API integration for product data, authentication flows, and responsive UI layouts with Tailwind CSS.
- Structured the project with scalable component architecture to support future backend expansion.

Weather Dashboard

TypeScript · React · OpenWeatherMap API

- Developed an interactive weather dashboard consuming the OpenWeatherMap REST API, displaying real-time forecasts, temperature trends, and location-based data.
- Utilized React Hooks for state management and built a clean, responsive UI with TypeScript for type safety.

Developer Portfolio

TypeScript · React

- Designed and built a personal portfolio website showcasing projects, skills, and contact information with smooth animations and a modern layout.
- Built with TypeScript and React, optimized for performance and accessibility.

Medical Platform Interface

React · Map Integration

- Developed an interactive UI featuring map integration, healthcare service listings, and a user dashboard for medical platform users.
- Implemented dynamic routing using React Router and optimized load performance for data-heavy components.

Real-Time Chat UI

React · WebSocket

- Implemented a real-time chat interface with live message updates, modern UI components, and responsive design.
- Utilized React state management for seamless message flow and component re-rendering.

Rock Paper Scissors Game

TypeScript · React

- Built an interactive browser game with TypeScript, demonstrating clean component logic, game-state management, and animated UI.

EDUCATION

Bachelor in Information Communication Technology Education

2021 – 2025

Janajyoti Multiple Campus, Kathmandu, Nepal
